

1 September 2021

Arcare Warriewood

Arcare Warriewood's active team member, contractor and volunteer vaccination rates are currently at 88% with one dose and 39% with both doses. A vaccination clinic is onsite from 8.30 to 4.30 Thursday 2 September which will see a boost in vaccination rates.

Arcare's vaccination rates in NSW is currently at 92% with one dose and 65% with both doses. Clinics are being held at all sites in the lead up to the Government's mandatory requirement for all aged care workers to have at least one vaccination by the 17th September.

Arcare has in place financial incentives for individuals and teams. Our Residence Managers are assisting team members in need of transport. Our team are calling individuals to understand their vaccination concerns and we are promoting our EAP for team members.
