

2 September 2021

Dear Arcare Warriewood community,

All results received so far have returned a negative result with our total confirmed number of COVID-19 cases remaining at one. Testing continues and families will be directly contacted should there be any clinical changes or positive test results.

There is a **vaccination hub on site today Thursday 2 September**. Another vaccination hub for clients and team members is anticipated next Wednesday 8 September.

Please submit questions ahead of today's 3pm meeting to COVID.Warriewood@arcare.com.au, and we will endeavor to answer as many as we can. **If you haven't received a link for the meeting, email COVID.Warriewood@arcare.com.au.**

Can we add the link here instead of emailing COVID email address?
